

Enjoy the Dolce Vita.

ECOVIP TITANIO: DYNAMIC OUTSIDE, COSY INSIDE. THE JOURNEY BECOMES EMOTION

San Casciano in Val di Pesa, August 2025

- *Exterior graphics with a sleek and automotive style*
- *Interiors in Noce Opéra, LED lighting and complete comfort on board*
- *The Titanio collection will be presented at the Caravan Salon Düsseldorf*

Imagine a journey where every curve speaks of you, every stop transforms into home, and every detail sparks emotions. With **Ecovip Titanio**, Laika opens the doors to a new vision of travel: smoother, more refined, more yours.

A range that **combines automotive style with handcrafted interiors**, designed to welcome you on board.

Exteriors that tell a story of movement and character

The new Ecovip Titanio series interprets the spirit of the Ecovip line with a renewed style, inspired by the automotive world and designed for those seeking up-to-date aesthetics. The sleek and contemporary design is showcased in the new exterior graphics, where Expedition Grey – light and enveloping – alternates with Titanium Grey – darker and dynamic – in a play of contrasts that enhances the entire bodywork.

The side strip in Black Matte, a distinctive feature of the Ecovip range, is redesigned in a modern key, following the vehicle's profile in a **continuous stylistic momentum**.

This combination of shades consistently follows the lateral development of the vehicle, framing the windows and highlighting the details, thereby imparting a constant sense of aerodynamics and movement.

Enjoy the Dolce Vita.

The lower side sections reflect Laika's family feeling, with black stripes complemented by matte black finishes, trims, and details, creating an elegant and bold graphic result. The rear is also renewed, with new stylistic elements that accentuate the vehicle's profile and the Laika logo prominently displayed on the upper section.

In the motorhome models (H), the design is completed with a visual continuity that unites the sides, full-LED lighting, and cab in a harmonious and fluid embrace. Because elegance, even on the road, begins with a glance.

Welcome aboard the Titanio

Every aspect onboard is designed to create a comfortable environment, naturally accompanying you throughout your journey.

The warm tones of the furniture in **Noce Opèra**, the softness of **Firenze eco-leather**, and the LED lights that caress every corner: everything invites you to slow down, breathe, and enjoy the moment. The kitchen – the beating heart of every stop – is elegant and functional: a three-burner stove, durable and silky Fenix surface, stainless steel sink with multifunctional cover.

In the dinette, the ergonomic table with sliding, swiveling, and extendable surface is ready to host a family dinner or a toast among friends. And while the landscape flows outside, inside every material, fabric, and finish makes you feel safe. At home. Wherever you are.

Lighting and Systems

Ecovip Titanio is born from meticulous technical planning, with structural solutions designed to ensure comfort and long-term functionality.

The internal atmosphere is enhanced by a **multi-level LED lighting system**, fully integrated with the furniture, with a dimmable control system. Light strips harmoniously traverse each

Enjoy the Dolce Vita.

space and illuminate the inside of fixed or pull-out compartments, contributing to a welcoming and functional environment.

Thermal and acoustic comfort is ensured by the **high-density XPS insulation**, the **through double floor**, and the uniform heat distribution provided by the **6 kW central heating system**. A solution that makes each Titanio suitable even for colder seasons.

Additionally, cabin management becomes even simpler with the standard **MyLaika SCU**: the smart control unit allows remote control of all primary functions through the app, for an even more advanced onboard experience.

The Pleasure of Relaxing in Titanio

After a day full of discoveries, what you seek is an embrace. You find it in the sleeping area of Ecovip Titanio. Soft lines, cosy fabrics, and a hushed atmosphere. The twin beds (82 cm x up to 206 cm) – spacious, accessible, combinable – become a comfortable refuge, where every dream is welcome.

Biolatex Ergonomy mattresses, slatted frames, synthetic leather headboards, rod curtains: nothing is left to chance. Even the drop-down front bed, available throughout the range, provides the comfort of a true second bedroom.

The bathroom, integrated or separate depending on the model, is bright, practical, and harmonious. Everything you need to feel good, even in the simplest moments of the day.

A Range, Many Souls. All in Motion.

The Ecovip Titanio range includes four low-profile models - L 2009, L 3009, L 3019, and L 4009 - and four motorhomes - H 2109, H 3109, H 3119, and H 4109, with L 2009 and L 3019 models dedicated to DACH markets.

Enjoy the Dolce Vita.

The new collection will officially be presented at the Caravan Salon Düsseldorf 2025, thus setting a new standard of comfort and design. Discover the future of travel with Ecovip Titanio: dynamism, style, and functionality ready to accompany you in every adventure.

LAIKA, WITH YOU ON YOUR TRAVELS SINCE 1964

61 years have passed since, in 1964, Giovanbattista Moscardini founded LAIKA, calling it after the first dog launched into space. Fascinated by the space adventures and the new horizons that were opening up, Moscardini laid the foundations for what is now an avant-garde company, which stands out for its production of design and excellent construction technique. Laika Caravans belongs to the Erwin Hymer Group and manufactures vehicles designed with excellent construction techniques, made to last and suitable for any climatic situation. Customer satisfaction is Laika's main goal. Thanks to its team with extensive competence and experience, it creates vehicles with attention paid to the smallest details. www.laika.it/en/

ERWIN HYMER GROUP

The Erwin Hymer Group is a 100 percent subsidiary of THOR Industries, the world's leading manufacturers of recreational vehicles with just over 22,000 employees worldwide.
