KOSMO CAMPERVAN SUPREMO: SPORTY DESIGN MEETS LAIKA STYLE

San Casciano in Val di Pesa, August 2025

- *Three new colours inspired by the world of luxury sports cars*
- *Exclusive colour combinations for interior upholstery*
- *The Kosmo Campervan Supremo series will be presented at the Caravan Salon Düsseldorf 2025*

Imagine travelling miles, not just on the road, but through an **experience that ignites the soul and the heart**. With **Kosmo Supremo**, Laika doesn't just present a campervan: it invites you to live an adventure where the adrenaline of **sporty design** blends with the refined elegance of **unmistakable Laika style**.

Three chromatic spirits with a sporty style

Kosmo Supremo is the new campervan series that emphasises the boldest and most contemporary soul of our iconic Kosmo range. It is designed for you, who won't settle for just travelling but seek a dynamic, distinctive, and vibrant style experience. Every detail, from the softness of the interior upholstery to the grit of external graphics, **speaks the language of luxury sports cars**.

Three new chromatic spirits, directly inspired by the world of dream cars:

- **Azzurro Capri**: Be swept away by the freshness of the sea, with orange "Noto" eco-leather interiors recalling summer sunsets.
- **Arancio Sicilia**: Feel the warmth of the sun on your skin, and the refinement of white "Carrara" eco-leather interiors.
- **Verde Mugello**: Immerse yourself in the wildest nature, with cognac "Matera" eco-leather interiors that smell of adventure.

Enjoy the Dolce Vita.

Even the **18" alloy wheels** have strong ties to the automotive world: black for Azzurro Capri and Arancio Sicilia, and a sophisticated bronze for Verde Mugello.

The vehicle body follows the main tone of the chosen version, highlighting the front grille in metallic grey and the side lines in Black Matte reminiscing the Kosmo range's family feeling. But it's the combination of details that defines the identity of Kosmo Supremo through an aesthetic that looks at the racing world and reinterprets it with elegance in a campervan key.

The front and side graphics embody this spirit, presenting splashes of colour that amplify the vehicle's dynamism, along with the windows, elegantly integrated with the side graphics. The rear also plays a central role in the stylistic composition: enriched with coloured inserts coordinated to the body, it gives the Kosmo Supremo a sporty character and strong recognisability.

Comfort, Safety and Insulation in Every Season

Kosmo Supremo is born on the Fiat Ducato 35 Light base with 180 BHP and measures 599 cm in length, combining ideal maneuverability and performance for every type of trip.

In the cab, standard equipment is designed to ensure comfort, safety, and connectivity: the Pioneer 9" multimedia system with Apple CarPlay/Android Auto and integrated speakers offers an intuitive and engaging driving experience, supported by a rear camera, colour TFT digital dashboard at 7", adaptive cruise control active above 30 km/h, and pleated blinds for maximum privacy on board.

The Kosmo Supremo body is a fortress of **thermal insulation**. High-density XPS (extruded expanded polystyrene) flooring and roof protect you from the heat and cold, while the padded technical fabric ceiling indulges you with superior acoustic and thermal comfort. Your Kosmo Campervan Supremo is a perfect refuge in every season. And when the temperature drops, the **Truma Combi 6 Diesel heating of 6 kW** envelops every corner of the vehicle, from the garage to the cabin, gifting you total well-being.

Enjoy the Dolce Vita.

Aesthetic and Functionality on board Supremo

The interiors of Kosmo Supremo reflect contemporary aesthetics, enhanced by technical materials and refined finishes. The essence of "Stone Grey & Forest Green" defines a harmonious and modern environment and combines with Fenix, anti-fingerprint and anti-scratch material, used for kitchen counter, table, and bathroom, offering a surface that combines practicality and elegance. The organisation of spaces is cared for in detail: overhead cabinet doors with push-pull system and soft-close drawers ensure quick and tidy access to every vehicle area, adding comfort and silence to everyday movements on board.

Natural light accompanies every moment aboard, thanks to the presence of a large panoramic tilting window in the living area and the arrangement of windows along the entire vehicle. Two front openings serve the living area and the kitchen, a side window illuminates the bathroom, while two more are dedicated to the rear area. Want more? As an option, **the integrated Skyview in the front cab** offers a breathtaking view of the sky, transforming every trip into a panoramic experience.

Kosmo Campervan Supremo's Comfort kitchen is designed to accompany every moment of the day, combining functionality and aesthetic taste. Equipped with a two-burner cooktop, stainless steel sink with single-lever tap, and a multifunctional cover (also usable as a chopping board), it includes a practical collapsible side shelf as standard, useful for expanding the work surface when necessary.

The daily comfort also passes through the most discreet details: the bathroom is designed to easily adapt to travellers' needs. The Vario system allows for a real maxi shower, separated from the rest of the environment by a rigid wall. The presence of a window (behind the shower wall) and a porthole provides natural light and effective air exchange, while practical wall units complete the environment offering functional solutions for storing personal effects.

The sleeping area is designed to offer a refreshing rest, guaranteed by the transversal bed equipped with wooden slatted base and "Ergonomy" mattress. Offered as standard with 2 sleeping berths, Kosmo Supremo can accommodate up to 5 thanks to the addition of a pop-

up roof bed (opt) and a third bed in the dinette (opt), allowing you to share the travel experience with friends and family, maintaining Laika's typical comfort and flexibility. The bedroom walls, covered in eco-leather, create a cosy and well-insulated environment, while the glossy overhead cabinets along the top three sides and the wardrobe with a pull-out rail offer all the space needed to keep the environment organized and clutter-free.

Preview at Caravan Salon Düsseldorf 2025

The new Kosmo Campervan Supremo line combines distinctive design, advanced comfort, and avant-garde technology. With this series, Laika confirms its commitment to offering vehicles capable of combining style and functionality, providing authentic and satisfying travel experiences.

The new Kosmo Supremo models will make their official debut at Caravan Salon Düsseldorf 2025.

LAIKA, WITH YOU ON YOUR TRAVELS SINCE 1964

61 years have passed since, in 1964, Giovanbattista Moscardini founded LAIKA, calling it after the first dog launched into space. Fascinated by the space adventures and the new horizons that were opening up, Moscardini laid the foundations for what is now an avant-garde company, which stands out for its production of design and excellent construction technique. Laika Caravans belongs to the Erwin Hymer Group and manufactures vehicles designed with excellent construction techniques, made to last and suitable for any climatic situation. Customer satisfaction is Laika's main goal. Thanks to its team with extensive competence and experience, it creates vehicles with attention paid to the smallest details. www.laika.it/en/
